## Minister's Report For 1919

---

The year has not been without its handicaps. The "flu" came along in February and cut us out of four Sundays, besides interfering with Bible School attendance both before and after the period of actual suspension. The church very generously donated to the Army Y. M. C. A. the services of its minister for four months that he might serve the American troops in Siberia. This long absence was all the greater handicap because transportation conditions made it impossible to bring strong supplies from the mainland and there was no associate minister to handle the work of the church in the minister's absence.

Never the less the year has been one of progress. The clerk's report shows that we have received 119 new members. The Bible School reports that we have gained steadily in that department and the treasurer of the trustees reports all bills paid and a balance of \$5.19 in the treasury. The trustees deserve especial praise for this last report for up to a few weeks ago the church was threatened with a deficit and the expenses of the ventilating system, some \$4000, had not been provided for. Quietly and without anybody's knowing about it the board of trustees have raised the money to cover the deficit and pay for the ventilating system and have \$5 left over to start us on 1920.

Some of the items deserving especial comment in the progress of the year are these: When it became evident that an associate minister could not be secured for some time Mrs. Arthur Withington, a trained social worker, was induced to come on our staff as minister's assistant. She has rendered invaluable service during the year without an associate minister and has made such a place for herself in our church work that it is hoped the response to the budget now being raised will justify retaining her in addition to the new associate pastor. There are some things in the work of this parish which Mrs. Withington can best do, both because of her training and because she is a woman. Now that she has learned the church and the community she will be doubly valuable this coming year.

The development of our Palama Bible School is one of the outstanding events of the year, due in part to Mrs. Withington's

personal interest together with the faithful work of Miss Varney and her corps of teachers. This school is of great value to Central Union Church as a place where our members can render first-hand service to the religious life of the community and we hope the school may become so efficient that it may be a leader among the schools of its type. The members of the church ought to visit it and come to realize more fully its value as a part of our church program.

Mr. Sherman's arrival is one of the bright spots in the year even though so long delayed. The Young People's Forum is already feeling the impetus of his presence and he is working hard getting acquainted with the Bible School, the Men's League and other departments of our church life which will be his immediate care. We must all back him up, remember to tell him our names every time we meet him until he tells us first, teach him all the Hawaiian we can and hang out our street numbers where he can find them in case he wants to call and ask us to go to work somewhere in the church.

From the minister's standpoint the final achievement of the ventilating system is one of the crowning mercies of the year.

Of course, no ventilating system is so good as the out of doors and our present situation, while better than it was without the ventilating system, only makes all the more evident the absolute necessity of the erection of a new church. The ventilating system is then not a permanent thing. It is just a temporary alleviation and perpetual reminder of that new church we are going to have some day with ample ventilation, good acoustics, worshipful architecture and something else.

That something else is a glorious pipe organ already assured to us by Mrs. Cooke's generous Christmas gift. Surely Central Union Church has something to live for and work for in the days that lie just ahead.

Church attendance during the year has been steady in the morning and has grown most hopefully in the evening. The average morning attendance for January, February and March was 417; April, May and June, 431; July, August and September, 241; October, November and December, 430. The evening attendance for January, February and March, 233; April, May and June, 265; July, August and September, 109; October, November and December, 357.

The outlook for the coming year was never more interesting than it is for 1920. The Men's League under the leadership

of Mr. Charles R. Frazier, the new president, is organizing for active and definite service. Its Sunday evening committee is already in evidence and getting results. With the aid of this committee and the hopeful development of the past year I see no reason why we should not have at Central Union Church a Sunday evening service that will be a community institution exerting a powerful influence as a moral and educational force.

The Bible School, now so well organized, must go forward this coming year in the direction of deepening the quality of its work and stimulating its teachers to higher professional standards. To this end Mr. Sherman and I are planning a series of two or three teachers' institutes to be held during the year for the purpose of training and inspiring our splendid Bible School faculty.

The budget for the year is now being brought to the attention of all the members of the church and congregation through a large committee of the Men's League and we look to see a larger proportion of the members giving definitely to the work of the church than ever before. People's interests follow their money and the more people who give to make the church possible the more people there will be interested in its work.

The next thing which calls for immediate attention in our church life is the plan for Lenten Study Classes this year during Lent. We hope to repeat and enlarge upon the success of last year when we had an average attendance of 100 people in nine different classes studying "Women Workers of the Orient." This year the book studied will be a most timely one, "Modern Problems as Jesus Saw Them." Some of the classes will be held in the evening so as to enable men as well as women to attend and we hope that the whole church and congregation will concentrate its attention during Lent on a real study and appraisal of the teachings of Jesus as they apply to the life of today.

And finally, this is going to be a great year because of the uplift and inspiration of the Centennial Celebration. We shall be a most curiously unresponsive people, if, as pageant and address and parade bring us the story of the missionary pioneers, we do not rise up and carry forward all of the religious work of Hawaii with greatly increased spirit and enthusiasm.

For those of you who are interested in statistics I may report that I have baptized 40 children and 13 adults, officiated at 20 funerals and performed 44 marriage ceremonies. Pastoral calls are the bane of my life because Honolulu has so many

committee meetings and other demands that my calling program is constantly interrupted. This year I have called on the people I could find at home or whose house numbers have not disappeared, on the streets from K to P.

In closing, I want to express my hearty appreciation of the splendid cooperation I have received from the employed staff. Mr. Sherman, Mrs. Withington and Miss Fraser have each in their place rendered cheerful and efficient cooperation to all my plans. Mrs. Tracy with her helpers, Tony and Rosie, have maintained the housekeeping of the church at its established high standard, while to Mr. Andrus, Mr. Livingston and Mrs. White and the members of the choir we are indebted for a year continually enriched by the inspiration of good music.

While not on the employed staff, the officers of all of the affiliated societies, Bible School teachers, ushers and faithful members of the Standing Committee have each done their share in their own place and last but not least we certainly owe a warm expression of appreciation to those who have provided and served the fine chowder supper of which we have just partaken.

ALBERT W. PALMER,  
Minister.

## Report of the Woman's Board of Missions

---

Our hope for 1919 was in a large measure fulfilled. As we look over the annals of the Woman's Board for the year just past we mark the larger numbers in attendance at the monthly meetings, the increase in the treasurer's receipts, the more generous response to special offerings, the gratifying numbers in the Lenten classes, and the general spirit of hearty cooperation on the part of a large majority of the members.

Our monthly programs presented topics of unusual interest. Special mention must be made of Mr. Schenck's able address on "The New Era as Related to the Foreign Mission Enterprise"; Mr. Palmer's inspirational Lenten talk; Mr. Super's telling observations on "The Building of the New China"; the messages of good will and fellowship from Dr. George Cady and Dr. and Mrs. Hindman; and lastly the two thrilling tragic and vivid stories of hostilities and devastation in Armenia and the flight and escape from that country of the missionaries by Mrs. Ernest Yarrow.

To the younger members who added much to the two dramatic programs, we render thanks, as well as to the kind friends who have given generously of their musical gifts.

The treasurer reports as follows:

Receipts .....	\$5,416.46
Disbursements .....	5,097.27
Cash on hand.....	319.19
Emergency Fund .....	554.81
Permanent Fund .....	7,100.00

The Christmas box to China this year was sent at Easter and consequently reached its destination on time, to the joy of the recipients.

The lawn party for the annual gathering of the Hawaiian Evangelical Association gave an afternoon of relaxation and sociability to the ministers, their wives and church delegates in the midst of a strenuous program of association meetings.

As president of the Woman's Board, I enjoyed the privilege of presenting greetings of this Board at the annual meeting of the Woman's Board of the East held this year in Providence, November 12-14.

With keenest regret the Woman's Board was compelled to accept the resignation of Mrs. Leigh J. Doane, who had given three years of untiring and efficient service among the young

people and in the Sunday School of the Fort Street Chinese Church. The seed that she sowed in the lives of those young people will bring forth abundant fruit in larger endeavor and deeper Christian spirit. Unfortunately we have not yet secured her successor, although earnest effort has been made.

Miss Carter at Moiliili has found such an untilled yet fruitful field in that district that she is fairly crying for a helper. Her work at the Girls' Industrial School makes such demands upon her time, strength and sympathy and is so important to the welfare of the whole community, that we must relieve her from some of the other important duties. Is there not some one here tonight that will respond to this urgent and imperative appeal? The money for the salary is at hand. Where can we find a consecrated worker?

Miss Gulick is probably saying to herself, "And how about my helper? Is not she needed just as much and is not the salary ready for her also?"

It is as true today as in the time of our Master, "The harvest truly is great but the laborers are few. Pray, ye, therefore the Lord of the harvest that he send forth laborers."

"God has honored this generation as he has never honored a generation before. He has flung dazzling opportunities before it. He has flung wide open for it the doors of access to all parts of his world and has laid at its feet every possible facility. His voice comes to us, 'Remember ye not the former thing, neither consider the things of old. Behold, I will do a new thing. Go ye and make disciples of all nations.'"

Respectfully submitted,

MARY ATHERTON RICHARDS.

## Report of the Women's Society

The Members of the Woman's Society have carried forward their work during the past year faithfully and devotedly.

The Society has had a splendid financial year. Our Treasurer reports as follows:

One Liberty Bond, 4¼%, par value.....	50.00

Total .....	\$1,195.45
-------------	------------

Our chairman for the Charles R. Bishop fund reports a balance on hand of \$172.80. Regular monthly payments have been made out of this fund to two needy members of our church.

Our membership at present is 237 members. Five members have been added this year.

During the first five months of the year the fine work of the Red Cross Department was continued. The layettes made during that time totaled 903, this added to the 1566 made in 1918 made 2,469 layettes, or 65,674 garments. In addition to the layettes—pajamas, rompers, small dresses, comfort and housewife bags were made numbering 1528, thus making a grand total of 67,202 garments.

Nearly 6000 garments were made on the other Islands and sent to our department to be put with our things. The Society owes a great debt of gratitude to Mrs. C. B. Gage for the splendid efficient direction of this work and to Mrs. Edwin Benner who helped so faithfully.

The important work of the Infant's Outfit Committee still continues to grow more important. This Committee has distributed at the request of the Associated Charities, Palama Settlement, Red Cross and Queen's Hospital, nineteen complete layettes which have have made. Many worn garments have been given to the Committee and these have reached needy ones where a full layette was not required.

Our society sends a delegate to the Central Committee on Child's Welfare and we have purchased a weighing scale for

the Pohukaina School which is the school we are mothering. The children are measured and weighed by the Board of Health, and it is our hope to see this work go "over the top" and the time come when there will be no under-nourished children in Hawaii nei.

The splendid work of the Courtesy Committee cannot be overestimated. This committee has extended 275 courtesies during the year, including bouquets of flowers, notes of welcome, condolence and congratulation, glasses of jelly, leis for departing members, steamer letters and many other courtesies. The many notes of response and the gratitude expressed by the recipients give every evidence of the appreciation for the work this committee is doing.

The work of the Neighborhood Visitors has been completely reorganized by its chairman. The Committee works in close cooperation with the church office and splendid results have been accomplished. Five hundred and sixty-two calls have been made and many flowers, glasses of jelly, etc., have been distributed.

Our Soliciting Committee has given splendid service to the society this year by soliciting for the annual supper and for all refreshments we have had at our social activities also providing funds for the cream and coffee for the quarterly basket luncheons.

War conditions existing during part of the year made the call on our Committee for Men's League suppers a light one. Dinners were served twice during the year.

The House Committee served the annual chowder supper and the coffee at our quarterly meetings. The kitchen equipment has been replenished by this Committee.

Weekly socials for the men in the service were held by our social committee up to and including June 3rd.

Socials for new church members were given April 23 and June 4. Several times during the year we have assisted at the W. C. C. Service in entertaining the soldiers.

An afternoon reception for the teachers at which there was a large attendance was given in the fall.

On December 10th an evening reception was given to greet Rev. and Mrs. Sherman, also the new members of the church.

The Religious Work Committee arranged for joint Lenten Study Classes with the Woman's Board, which were held in neighborhood groups.

In November a series of lectures was given by our minister,

Mr. Palmer, on the book of Revelations. A very deep interest was taken in them and they were largely attended. We feel deeply indebted to Mr. Palmer for these lectures.

The church has been decorated each Sunday by our Decorating Committee. This year the fern house has been repaired and enlarged and five dozen tubs purchased for plants. The Committee has had all of the tubs, new and old, painted the same color which will be a great satisfaction to those arranging the decorations.

Three welcomers from our society have been at the church entrances each Sunday to give a word of greeting and a church calendar to each comer.

Seven girls at Kawaihau Seminary have been helped financially through our educational fund of \$700, \$693.04 of this fund being used this year. The \$300 scholarship fund has also assisted three girls at Kawaihau.

The names on our Memorial page this year are:

Mrs. Mary Julia Hall

Mrs. Kate Whitcomb

Miss Kate Atherton.

I desire to express my sincere thanks to the Executive Board and all the members who have so staunchly supported the work of this society and the splendid cooperation they have shown.

Respectfully submitted,

ALICE V. STEPHENSON,  
President.

## **Report of the Men's League**

We are fortunate in having as our president Mr. Charles R. Frazier with his broad knowledge of men and his interest in current public questions.

The general aim for the coming year will be increasing interest in the organization itself with its opportunity for the rendering of virile service to the church and the cause of Christian citizenship.

New activities of worthwhile character will be taken up in addition to the present ones.

The roster is being examined with a view to bringing it up to date and to increasing the membership.

It is planned to have meetings as frequently as desirable and attractive program material is available—at least once a quarter and perhaps once a month.

Two paramount ideas for cooperation with the church are; the assumption by the Men's League of the organization and execution of the Annual Financial Church Budget Campaign and cooperation with our two ministers in promoting interest and attendance at the regular Sunday evening church services.

The budget campaign offers an unusual opportunity for personal contact between our members; and parents having children in Sunday School, members of the church congregation and the church membership in general. In spite of unavoidable delays this campaign is already well under way.

A publicity committee under Mr. George B. Curtis is already at work.

Another committee has been at work for two Sunday nights in cooperation with the ministers in promoting interest and attendance at the Sunday evening church services. Members of this committee are on duty every Sunday night both before and after the services greeting men and getting acquainted with both newcomers and old members.

This committee decided six men were needed each Sunday night. So far the committee has been 116 2/3 per cent perfect in appearing for service.

C. B. GAGE,  
Vice-president.

## Report of the Young Woman's Club

---

The Young Woman's Club of the church, the youngest member of this family of organizations, is growing well, and we hope will mean increased efficiency for the church.

As you doubtless know, it is a club with four different departments: Household Economics, Civics, Music and Art, and Literature, including Dramatics. We have an average attendance of about twenty-five, with a change of personnel in

the groups, according to the interest in the subject in hand. We hope that soon each member will become so interested in each topic that she will attend every meeting.

Our aim is three fold: First, to be an active organization of young women within the church working for its greater good; the second grows out of that, to promote good-fellowship and acquaintance among the members of the church and among young women of the town who need and want this sort of society, and third, to buy materials and make layettes for new babies, whose parents are unable to provide the wherewithal, and there are many demands upon us. So we sew at each meeting on this work.

We hope to have more to report next year, more work done, a larger membership, and a greater worth to the church.

Respectfully submitted,

MRS. DAVID CRAWFORD,  
President.

## The Young People's Forum

---

Believing that the young people of the church and the community would receive inspiration through the consideration and discussion of the social and religious problems confronting us, the Young People's Forum was organized in February of 1919. At six o'clock, Sunday evening, a picnic supper was served; this provided a social half hour preceeding the discussion. An average of forty young men and women attended the Forum and among them many transient people which indicated there was a need of such a meeting in the community.

The subjects discussed were varied and full of interest as the following outline suggests:

### Discussion

The League of Nations. What things are essential to a successful League of Nations? Moral and Social welfare legislation before the legislature. If Christ came to Honolulu would He condemn us more than He condemned Jersualem? What

would happen if Christ came to Honolulu? What should be our attitude towards Germany in the light of Christ's teaching?

### **Debate**

Resolved that the United States should adopt a policy of universal military training.

### **Discussion**

The war is over—are we starting life anew? Do we see the problem of reconstruction?

What has the soldier got out of the war to make him a better citizen? What has the country learned to make it a better country?

Two plays read by Mr. Palmer and discussed by the Forum: "The Glittering Gate," and "The Gods of the Mountains," by Lord Dunsany.

The laws of friendship—How are friends made and how are they kept. What is my conception of a future life? Why be good? A discussion of immortality.

### **Discussion**

A play by Maurice Materlinck—given in a reading by Miss Frances Farrington and Miss Kate Singlehurst.

The summer session of the Forum ran from June until August and the programs were especially interesting and well attended.

### **Social Service**

The Social Service Department of the Forum has done splendidly constructive work during the year, in regular visits to Leahi Home, Kalihi Receiving Station, Oahu Prison upon request and also at the Jail. In connection with Schofield Barracks, a program of music or otherwise has been provided for almost the entire year on Sunday evening. These activities will be continued under a more extensive plan the coming year.

Much personal work has been done by the members and officers of the Forum in the way of friendliness to strangers, assistance at the War Camp Community service and the Army and Navy Y. M. C. A., as well as in connection with the church.

ALBERT M. CRISTY,  
President.

# **Report of the Bible School Superintendent**

---

## **Organization**

The Central Union Bible School aims to enroll every child of the Church on its Cradle Roll, which now numbers 75. It conducts a Kindergarten for all who have attained the age of 3. There are nine group classes in the Kindergarten Department. After the child enters the first grade in the Public School, the Primary Department is open with a three year course and the graded lessons of the International Sunday School Association. The Junior and Intermediate Departments include five courses to be followed in the five successive years. The Senior Department is open to all who have completed the eighth grade work and has grown until 100 students are enrolled. There is a Home Department, enrolling 126 in Home Bible study, all of whom are regularly supplied with International Sunday School Quarterlies.

An important advance of the year has been the development of a Palama department of the Central Union Bible School. This was undertaken in March and has grown until the attendance has reached as high as 200 and at least 250 boys and girls have received the benefit of the Bible School program. This is a most important phase of both the Central Union Bible School and the Church itself.

## **Personnel**

The Central Union Bible School enlists a wonderful amount of volunteer service. There are at present 20 officers and 47 teachers in regular service each Sunday in the Church School and 5 officers and 14 teachers in the Palama Department. During the year 1919 there have been 27 officers and 80 teachers including substitutes in the Bible School held on the Church grounds and in addition to these, 7 officers and 19 teachers at Palama. This represents a total of 133 who have given this high type of consecrated Christian service through the Bible School.

The appreciation of the Church for his excellent work as superintendent during the first part of the year, is due Mr. C. T. Fitts. Especial appreciation should be given Miss Cora C. Varney, superintendent of the Palama Department, and Mrs.

Arthur Withington for their effective services in building up the Palama Department. The hearty thanks of the Church and Congregation should be extended to the heads of Departments, Mr. D. L. Crawford, Mr. L. G. Fehlman, Mrs. F. C. Atherton, Mrs. H. W. Marvin, Mrs. W. J. Forbes, Miss Ermine Cross, Mrs. A. W. Palmer, Mrs. Malcolm Macintyre, Mrs. E. B. Waterhouse, Mr. J. B. Guard and notably to Mr. Arthur Reynolds, the Secretary of the School, all of whom have performed their work in a loyal and effective manner. The large departmental groups of capable and devoted teachers have made the class work successful and established helpful contacts with the individual pupils. Both the Church and the parents of the Bible School pupils, I am sure, are appreciative of the faithful work performed by the teachers each week.

During the year twenty-four pupils of the Bible School came into the membership of Central Union Church on confession of faith. This is the largest number of accessions in several years and is the result of personal work on the part of teachers and the special preparatory class conducted by Mr. Palmer prior to the June Communion.

### Looking Forward

The future of the Bible School is large and it is one of the most vital obligations of the church. The housing of the Church School is a problem which should receive immediate attention. The Bible School has outgrown its equipment. A modern Bible School plant would greatly increase the effectiveness of the school and provide for the expansion of the number of classes which has now reached the maximum which can be accommodated.

The Palama Department has grown far beyond the present facilities. It has reached the point where the Church through its Standing Committee should appoint a Palama Committee to study and devise a policy for the future of the Palama field. Provision must be made at once for housing the Kindergarten which is now meeting in a garage.

A plan for teacher training should be devised both to meet the needs of teachers already in service and to provide a training course for pupils in the upper grades of the senior department who can be enlisted to prepare for Bible School teaching.

The organization of a Men's Bible Class which might well be a task for the Men's League. Also the carrying on of classes for young people beyond the highest grade now offered in our Senior Department.

A project should be successfully culminated to provide the \$1200 necessary for the building and grounds of the mission station at Yenfield, China, where the Bible School is already carrying the support of the native pastor, Li Hu.

Let me in closing express my genuine appreciation of the services of the large number of officers and teachers who have devoted themselves to the cause of Christian Education through the Central Union Bible School during the past year and to bespeak for my successor the same loyal staff of workers and a fine body of pupils in whom so much of promise rests.

Respectfully submitted,

ARTHUR E. LARIMER,  
Superintendent.

Corrected up to January 31, 1920.

The numbers preceding the names refer to the Church Register. Numbers from 2494 to 2608 were admitted in 1919. The name following the Christian name of a woman indicates her family name before marriage. A name in parentheses, following that of a woman, is the Christian name of her husband, and if she is a widow, the letter "w" precedes the husband's name.
